We had 8 candidates apply, 1 stated they had seen it on BASRaT twitter and about 5 had seen it on social media like LinkedIn. This is the best number of candidates we have ever had for an ERI post, the only concerning thing was quite a number of new qualified physiotherapists, not Sports Rehab. Thanks again I definitely think it helped having it visible through BASRaT.	VW	Written	n/a

17	GCMT	<p>BASRaT have been a member of the GCMT for a number of years to maintain an oversight of the soft tissue therapy professional activity. As this is an expense to BASRaT and given soft tissue therapy being only a small component of our scope of practice then it may be worth considering not renewing our place with this group.</p> <p>Comments to RM - unable to rejoin meeting</p>	RM
